## MERCEDES-BENZ USA REPORTS APRIL SALES of 22,949 VEHICLES

ATLANTA – Mercedes-Benz USA (MBUSA) today reported April sales of 22,949 Mercedes-Benz models. Mercedes-Benz Vans reported April sales of 2,682 units and smart reported 85, bringing MBUSA to a grand total of 25,716 vehicles for the month. On a year-to-date basis, MBUSA recorded sales of 94,120, adding 10,158 units for Vans and 316 vehicles for smart, bringing the year-to-date sales volume to 104,594.

“Sales in April were again impacted by model changes and availability constraints of our high-volume SUV and compact model lines,” said Dietmar Exler, president and CEO of MBUSA. “We expect increased vehicle availability in the coming months.”

Mercedes-Benz sales leaders in April included the GLC, C-Class and E-Class model lines. The GLC lead totals with 5,378 vehicles followed by C-Class sales of 4,054. The E-Class rounded out the top three with 3,372.

April sales of Mercedes-AMG high-performance models totaled 2,796 units (+3.3%) with 12,480 vehicles sold year-to-date (+20.9%).

Separately, Mercedes-Benz Certified Pre-Owned (MBCPO) models recorded sales of 10,311 vehicles in April, an increase of 10.9% versus last year. On a year-to-date basis, MBCPO sold 40,676 vehicles, an increase of 4.2% from the previous year.

This document contains forward-looking statements that reflect our current views about future events. The words “anticipate,” “assume,” “believe,” “estimate,” “expect,” “intend,” “may,” “can,” “could,” “plan,” “project,” “should” and similar expressions are used to identify forward-looking statements. These statements are subject to many risks and uncertainties, including an adverse development of global economic conditions, in particular a decline of demand in our most important markets; a deterioration of our refinancing possibilities on the credit and financial markets; events of force majeure including natural disasters, acts of terrorism, political unrest, armed conflicts, industrial accidents and their effects on our sales, purchasing, production or financial services activities; changes in currency exchange rates and tariff regulations; a shift in consumer preferences towards smaller, lower-margin vehicles; a possible lack of acceptance of our products or services which limits our ability to achieve prices and adequately utilize our production capacities; price increases for fuel or raw materials; disruption of production due to shortages of materials, labor strikes or supplier insolvencies; a decline in resale prices of used vehicles; the effective implementation of cost-reduction and efficiency-optimization measures; the business outlook for companies in which we hold a significant equity interest; the successful implementation of strategic cooperations and joint ventures; changes in laws, regulations and government policies, particularly those relating to vehicle emissions, fuel economy and safety; the resolution of pending government investigations or of investigations requested by governments and the conclusion of pending or threatened future legal proceedings; and other risks and uncertainties, some of which we describe under the heading “Risk and Opportunity Report” in the current Annual Report. If any of these risks and uncertainties materializes or if the assumptions underlying any of our forward-looking statements prove to be incorrect, the actual results may be materially different from those we express or imply by such statements. We do not intend or assume any obligation to update these forward-looking statements since they are based solely on the circumstances at the date of publication.
